Presents

THE POWER OF VALUES & CHANGE

Presented by Reggie Tyler, Ed.D

CHANGE: What seems to be a predominate sign of the times?

Attend this dynamic, informative, fun and current look at how the “future shock” prediction of rapid change is our new norm! Experience first-hand the impact of change and then discover ways to address and adapt positively to what we are facing in 2010!

VALUES: What is the substance of who we are at work? The combined and sometimes conflicting values of our personal and work lives

In this session you will be challenged to grow as a professional. Growth requires information and insight so that we can improve/ enhance who we are in the workplace. This session is not for the timid—it demands your assessment of you and where you want to go in your career!
